

Skill 1-10B: Inequality Symbols

Greater Than

> means is greater than

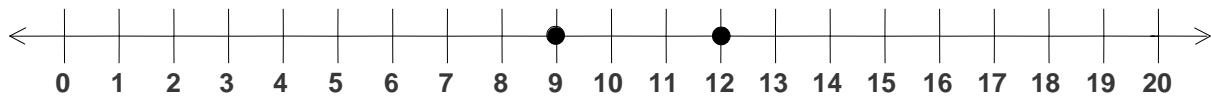

Example

Which statement is true?

$9 > 12$

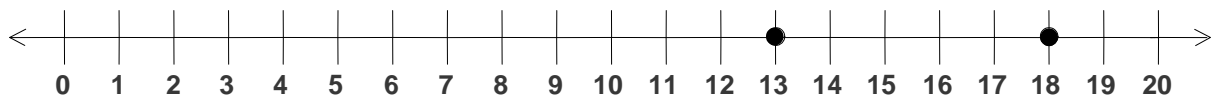

$18 > 13$

Is 9 greater than 12?

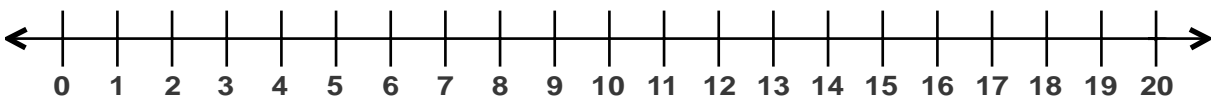

The answer is no. Look at the number line above. 9 is less than 12.

Is 18 greater than 13?

The answer is yes. Look at the number line above. 18 is greater than 13.

**Directions:** Circle the statement that is TRUE. Use the number line above to help.
