

Measurement  
Skill 1- 25A

## Nonstandard Units: Measuring with a

**Directions:** First, estimate how many paper clips long each pencil is. Then, use a paper clip to measure each pencil.

1.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

2.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

3.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

4.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

5.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

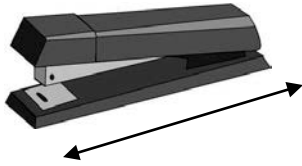

Measurement  
Skill 1- 25A

## Nonstandard Units: Measuring with a

**Directions:** Use real objects. First, estimate how many paper clips long each object is. Then, use a paper clip to measure each object.

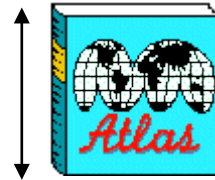

6.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

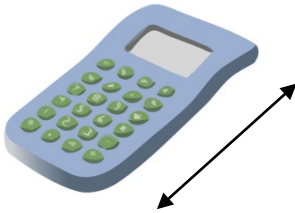

7.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

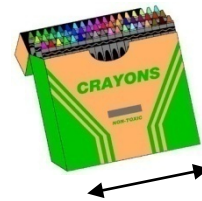

8.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

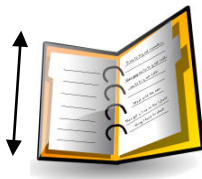

9.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

10.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

11.

Estimate: about \_\_\_\_\_ paper clips

Measure: about \_\_\_\_\_ paper clips

## Answer Key

### Skill 1- 25A

These measurements are with a standard size metal paper clip. The plastic coated paper clips won't come out to an even number. Also, variations in computers and printers may cause varied results.

Pg 1

1. Measure: about 5 paper clips
2. Measure: about 4 paper clips
3. Measure: about 3 paper clips
4. Measure: about 2 paper clips
5. Measure: about 3 paper clips
